The employees have been advised to dress casual when assisting at Camp Mabry.

Two employees have been taken from Camp Mabry to assist with the Hays County EIC. You will still have seven employees at Camp Mabry the remainder of the week.

Please note anyone we get from 603 needs to be casual as they will be assisting in the Camp Mabry warehouse.

Also, with the shift in employees to support Hayes County EIC what impact does this have on the remainder of the week?

Thanks all for your support.

Andrea

Renee-

I will send 5 additional employees starting tomorrow. Please have them assist wherever needed. FG

Frannie,

I was advised that you will be sending 6 more workers to help with inventory tomorrow, Wednesday. Initially it was thought that they would help with testing computers and printers but instead they will help with the inventory since we have such a tight deadline.

I appreciate your assistance with this.

Frannie,

The guys left Camp Mabry at 5:05 pm. I asked them to be here at 8 am tomorrow.

FYI-we expect more shipments to be here tomorrow (more work), if so, I'll ask the guys to stay late and come in early the following morning (about 6 am). That will be the process for the rest of the week. I'll keep you posted with exact times.

Thank you for sending us help.
